KHSAA URGES ALL MEMBER SCHOOLS TO CONTACT NCAA UNIVERSITY PRESIDENTS REGARDING THE PROPOSAL TO RE-ESTABLISH TELEVISED COLLEGE FOOTBALL GAMES ON FRIDAY NIGHTS

The integrity of high school football is once again being threatened by the proposed NCAA decision to re-institute televised college and university football contests for Friday nights. It seems that State Associations for High School Sports will have to continue to lobby the NCAA relative to what is good and fair for grass roots sports as our high school athletic programs are struggling to survive opposite the many programs that fill the television airwaves. Sports programs must rely on the eventual high school athlete. Now, in my opinion, we are being attacked again from those who care very little about the difficulties that exist in sports programs at the high school level. Money has taken the lead that has caused the NCAA to turn its head on the grass roots program.

The high school communities in Kentucky have worked to keep interscholastic athletic programs, football especially, from becoming a thing of the past. Efforts of the schools to establish and maintain good healthy and competitive football teams through strong rivalries were on the rise due to the fact that nothing was going on at the college/university level that would take the attention away from high school sports. Now, the NCAA is strongly thinking of hosting college football on what is considered to be a high school night by slapping the high football program across the nation in the face for the sake of financial gain.

High school participants and fans deserve to have their night activities without fear of being placed in competition with college football. Fans will stay away from high school football because of the national glamour that is generated through college athletics even though they may be torn by loyalty for their high school. Marketing at the high school level does not exist and when we are placed in a position to have to choose which game we will watch, it is human nature that people will follow the sport that has national exposure for their social outlet on any given night, and especially Friday night. High school football is played in Kentucky on Friday nights for eleven weeks and the survival of these programs depends on fan and crowd attendance in order for most high school programs to be able to financially keep a program. If we sit back and allow the NCAA's proposal to re-institute Friday night football at the college and university level without voicing our concern, we may very well be sacrificing high school football in Kentucky as a trade off for college football on Friday nights.

The address for the NCAA administration is listed below for your convenience and I would expect each KHSAA member school that fields a football program to make your voice heard through written opposition to this absurd proposal.

**GIRLS' BK TOURNAMENT SITE 2003-06**

The Board of Control of the Kentucky High School Athletic Association, at its May meeting, voted unanimously to select the City of Bowling and Western Kentucky University's Diddle Arena as site for the 2003-2006 Girls' State Basketball Tournaments.

The Board heard presentations from Frankfort (Farnham Dudgeon Civic Center), Lexington (Rupp Arena), Richmond (McBrayer Arena) and Bowling Green (Diddle Arena).

Bowling Green's presentation included a proposal for title sponsorship by Houchens Industries in the amount of \$75,000 per year for four years. The Board, in its approval, directed KHSAA staff to insure that the provisions of the sponsorship would not violate any existing corporate or contracted agreements the Association has in place. If approved, the official name of the event would be the Houchens Industries/KHSAA Girls' Sweet 16® State Tournament.

"This is new territory (regarding the sponsorship of the girls' tournament)," KHSAA Commissioner Stout said. "The folks in Bowling Green have done an outstanding job hosting the event in the past and them securing the sponsorship shows that not only the University but the surrounding community is serious about being a home to girls' basketball."

Bowling Green and Diddle Arena have served host to the Girls' Sweet 16® eight times from 1985 through 2001 and was previously awarded the 2002 tournament.

## FOOTBALL SCHEDULE CHANGE

The Board approved the results of a referendum of member schools dealing with the start of football practice and the number of weeks allowed to play a 10-game schedule in a season. Beginning in 2003 the start of contact football practice will change from the fourth Friday before the season to August 1 with 10 weeks to play a 10-game schedule compared to the current 11-week allowance.

## NEXT BOARD OF CONTROL MEETING

## CHANGES IN WRESTLING TOURNAMENT

The Board of Control has approved a change in the tournament structure in wrestling. Beginning with the 2001-02 year, participating schools will be aligned in eight regions as opposed to eight districts and four regions as in the past. Postseason competition will begin with regional meets with each region advancing four participants in each of the 14 weight classes to the State Tournament. With the added participants, the traditional two-day State Tournament will now expand to three days beginning on Thursday and continuing through Saturday. The tournament will continue to be held at the Farnham Dudgeon Civic Center in Frankfort through at least the 2004 event.

## IMPORTANT REMINDER ON BASKETBALL CORRESPONDING DATES

Through the 2007 State Tournament in basketball, the first week of district play will be in week 35 according to the corresponding date chart on page 109 of the KHSAA Handbook. Since all basketball games start on the Monday after Thanksgiving (which is the Monday of week 22 on the same chart), there is a natural rollover during the 2002-03 playing season. Due to natural "rollovers" in corresponding dates, persons scheduling games should be certain to check the chart on page 109 for the proper contracted date. In essence, contracts which call for a date in 2001-02 and for which it is desired to play the game on the same date in 2002-03 should have 6 days added to the 2001-02 date. For example, a game scheduled on December 10, 2001 should be scheduled on December 16, 2002 for proper corresponding.

**Teams in seeded districts are also reminded that, according to the tournament rules, ALL games involved in the seeding records MUST be played prior to the Sunday two weeks before the district.**
